

Cleanroom Coveralls & Coats

Last Updated Friday, 13 March 2009

EUROTEX(TM) COVERALLS

A one-piece garment for use within your most critical areas. Designed to counter the 'bellows' effect

- Sealed, encapsulated edges to all main panels
- Non-fray, polyester centre zip with backflap to minimise particle emission
- Highest quality monofilament thread
- All stress points bartacked
- Generous armlength/raglan sleeves
- All tapes pre-autoclaved
- Metal studs with stainless steel facings at cuffs and ankles

Options

Knitted cuffs and ankles

Corporate or status logo

Sizes

Small, Medium, Large, Extra Large

EUROTEX(TM) COAT

EUROTEX(TM) COAT RANGE available in practical elegant styles for use within less critical or support areas

- Generous armlength/raglan sleeves
- All tapes pre-autoclaved
- Metal studs with stainless steel facings

Options

Knitted cuffs

Corporate or status logos

Pockets (full or fall through)

Sizes

Small, Medium, Large, Extra Large
